

# The Digital Economist

## Table of Contents: Intermediate Microeconomic Theory

---

### Lecture 1 -- An Overview of Economics

|  |   |
|--|---|
| Introduction                                     | 1 |
| Microeconomics, Optimization and Relative Prices | 2 |
| Concepts for Review                              | 5 |

### Lecture 2 -- Production and Production Possibilities

|                            |    |
|----------------------------|----|
| The Production Function    | 6  |
| Production Possibilities   | 9  |
| <i>Concepts for Review</i> | 13 |
| <b>Worksheet #1</b>        | 14 |

### Lecture 3 -- Markets and Equilibrium Analysis

|                            |    |
|----------------------------|----|
| Markets                    | 16 |
| Demand                     | 20 |
| Supply                     | 22 |
| <i>Concepts for Review</i> | 24 |
| <b>Worksheet #2</b>        | 25 |

### Lecture 4 -- Price Elasticity of Demand

|                            |    |
|----------------------------|----|
| Price Elasticity           | 27 |
| Income Elasticity          | 29 |
| Cross-Price Elasticity     | 29 |
| Non-Linear Demand          | 31 |
| <i>Concepts for Review</i> | 32 |
| <b>Worksheet #3</b>        | 33 |

### Lecture 5 -- Consumer Behavior

|                                    |    |
|------------------------------------|----|
| Preferences                        | 34 |
| Utility                            | 38 |
| A Consumer Optimum                 | 39 |
| Consumer Surplus                   | 43 |
| Individual Demand Curve Derivation | 46 |
| Market Demand                      | 48 |
| <i>Concepts for Review</i>         | 49 |
| <b>Worksheet #4</b>                | 50 |

**The Digital Economist**, Table of Contents

---

|   |    |
|---|----|
| <b>Lecture 6 -- Exchange</b>                              |    |
| The Edgeworth Box   | 54 |
| A Pareto Optimum  | 55 |
| <i>Concepts for Review</i>                                | 57 |
| <b>Worksheet #5</b>                                       | 58 |
| <br>  |    |
| <b>Lecture 7 – Producer Behavior</b>                      |    |
| A Producer Optimum  | 60 |
| Costs and Cost Relationships in the Short Run             | 62 |
| Production in the Long Run                                | 66 |
| Long Run Costs  | 75 |
| <i>Concepts for Review</i>                                | 77 |
| <b>Worksheet #6</b>                                       | 79 |
| <br>  |    |
| <b>Lecture 8 – Competitive Behavior</b>                   |    |
| Profit Maximization                                       | 82 |
| The Competitive Spectrum                                  | 83 |
| The Competitive Ideal                                     | 83 |
| Monopoly Behavior   | 85 |
| <i>Concepts for Review</i>                                | 88 |
| <b>Worksheet #7</b>                                       | 89 |
| <br>  |    |
| <b>Lecture 9 – Pricing Power and Price Discrimination</b> |    |
| Monopolistic Competition                                  | 91 |
| Price Discrimination                                      | 91 |
| <i>Concepts for Review</i>                                | 94 |
| <b>Worksheet #8</b>                                       | 95 |
| <br>  |    |
| <b>A Glossary of Microeconomic Terms</b>                  | 96 |
